

Dear Sir/Madam,

The National Commission for the Promotion of Equality is currently offering **forum theatre training sessions aimed at strengthening commitment towards equality** which is one of the government's horizontal priority.

These training sessions form part of the project "Voice for All" which is working to raise awareness on the six grounds of discrimination, as well as, double and multiple discrimination.

The sessions will provide training on the six grounds of discrimination:

- age
- gender
- disability
- sexual orientation
- race
- religion

The **objective** of this training is to sensitise participants on the grounds of discrimination. Following training, participants will have a better understanding on the various issues pertinent to the six grounds of discrimination and a clearer understanding of the action to be taken when encountering discrimination. The training will also allow participants be in a better position to assess the capacity of their organisation' methodology in creating equal opportunities and adopting an organisational outlook which is more supportive and inclusive.

This training session is organised specifically for NGO members and other interested persons working in organisations. Essentially, forum theatre is a form of problem-solving which encourages constructive thought. It aims at improving the quality of life by empowering participants to enhance their creativity by challenging stereotypes and discrimination.

Forum theatre training sessions shall take place on **(to be announced)** at (to be announced) and **(to be announced)** at (announced). The sessions shall be provided free of charge by experts in the field with several years of experience in forum theatre both in Malta and abroad. Participation is based on a **first come first served basis**. Places are limited.
